Film Processor

Film Processor 20 BW 31 - 6Tank ECO

Colenta[®]

Colenta FILM Processor - Type B&W
for BW Camerafilm

05/2022 AN

Colenta[®] Film Processor

20 BW 31-6Tank ECO

Technical Specifications:

Processing applications: BW Camerafilm 135 120 220

Process width: 20cm / 3 tracks of 35/120/220 camera film

Microprocessor Control: # 6 pre-programmable processing cycles

Processing capacity: 31cm/min @ 90 sec DevTime
(Dev time is pre-programmable)

Tank capacities: 20 BW 31-6Tank Eco

| | | |
|------------------|---|-------------------|
| Developer | : | 5,5 litre |
| Fix1 | : | 7,6 litre |
| Fix2 | : | 7,6 litre |
| Wash 1 | : | 11,0 litre |
| Wash 2 | : | 11,0 litre |
| WETTING | : | 5,0 litre |

All Colenta Film processor options are micro processor controlled and provide a fully automatic Dry to Dry service for both cut sheet and long roll through a well proven minimum contact hard roller transport system.

Replenishment: - precisely controlled using opto-sensors to measure the area loading.
- activated after a pre-set film area is fed into the processor

High efficiency drying: via integrated warm air drying system supporting airknives

Temperatures: All solution temperatures are accurately controlled and monitored with automatic cold water cooling - chiller systems are optional available.

Transport/ Drive motor: precisely controlled by electronic feed-back to ensure constant developer timing

Standard Accessories:-

- # Level control for all Processing & Wash tanks # Rack Carrier/Drip Tray
- # 30 litre Replenishment storage tanks # water supply / drain connectors # CE marking
- # user spare part kit

Optional Accessories:

- # Inbuild Roll feed unit to include into the light tight feed box and long roll feed cradle with spool bobbins
- # Motorised Roll Take-Up # extra spool bobbins # UPS battery back up # chiller unit
- # water supply panel # 2 position chemical mixing concole (2x40L / 2x80L)

Technical specification subject to change without notice.

Transport system: Colenta 20 BW 31 6Tank ECO

All transport modules (racks) and tanks are designed to reduce chemical oxidation to an absolute minimum. This together with our accurate replenishment, temperature control and constant circulation ensures all processing parameters are maintained within pre-set programmable limits.

Timings & Ratios: Colenta® 20 BW 31-6Tank ECO

20 BW 31-6Tank Wash Eco

speed @ 1'00" Dev time = 46,5cm/min
 speed @ 1'30" Dev time = 31cm/min
 speed @ 2'00" Dev time = 23,2cm/min

Recommended Developer time range 55sec to 120sec subject to processing chemicals in use!

Water rinsed cross over rollers are in place in order to minimize the chemical carry over from one tank to the next as well to keep the cross over section clean and free from any chemical deposits.

Dimensions: Colenta[®] 20 BW 31-6Tank Eco

We recommend a minimum walking space of 60cm around the processor.

Specifications for wall-opening if the processor has to be installed that way:

Colenta[®] 20 BW 31-6Tank ECO

dim. of required wall opening approx. 1400x800mm

dim. of required wall panel approx. 1550x1100x20mm

dim. of clearance wall panel approx. 915x580mm

In case the thickness of the wall is more than 2cm, a wall panel panel has to be installed, this to be able to operate the cover lid of the film loading box.

Electrical supply:

Standard, when 3N~400/230V,
50/60 Hz supply available

| | |
|--------------------------|--------------|
| Total power consumption: | |
| 20 BW 31-6Tank ECO | 5,3 kW |

Standard supply net:
3N-400/230 VAC 50/60Hz

Alternatively:
3x230V 50/60 Hz

Single phase connection (230VAC - 50/60Hz)
on request only.

The required power supply is to be indicated and confirmed
when ordering!

Details for shipment:

20 BW 31-6Tank ECO

210x 82 x 151cm 380 kg

All dimensions & weights are subject to final confirmation.

Colenta 20 BW 31-6Tank ECO

Colenta® 20 BW 31-6Tank ECO : accessories included:

rack drip tray

loading guide for
35mm / 120 film / 220

10 pcs film leaders &
punch tool

30 litre capacity replenisher
tanks incl cover for each
chemical tank

anti oxidation cover for wet
section

small user parts kit

basic plumbing
connectors for water
supply and drain

Colenta® 20 BW 31-6Tank ECO : optional accessories:

Colenta®
Water Supply Panel assy
(see extra documentation)

Colenta®
external chiller unit

day-light
loading option

external 10 or 20 litre
chemical waste
container incl high
level monitoring

low level control for external
replenisher tanks

sleep mode / over night
program incl "auto wake-up" function

Colenta®
2x40L / 2x80L Mixing Concole
(see extra documentation)

PVC processor floor trough

UPS Battery power supply back
up system
